### 3. FAST FACTS

# ISH

ISH 2019 ran from 11 - 15 March and was held at Messe Frankfurt, Germany. ISH is the world's leading trade fair focussing on the responsible management of water and energy in buildings. It sets trends for modern bathroom design, sustainable heating and air-conditioning technology, and intelligent home systems.

## DURAVIT VIU & XVII

This free-standing bathtub revels in contradictions: the prominent metal frame with the V-shaped profile (in black matte) contrasts with the high-gloss white acrylic. Available in two sizes (160x80 cm, 180x80 cm).

## VICTORIA + ALBERT TAIZU

Designed by Steve Leung, Taizu is a striking, contemporary round bath. Taizu was named for the Emperor and the bath's design was inspired by Song ceramics, revered for their elegant proportions and sophistication.

## ANTONIOLUPI REFLEX

Reflex is the first transparent bathtube by antoniolupi made of Cristalmoood - a colored resin, transparent with a glossy finish, composed of high quality polyester resin and coloring pigments. Available in ten colours.

## TOTO FLOATING BATHTUB

Featuring TOTO's new Recline Comfort technology, the inner shape of the bathtub puts the bather's body in an ideal position for relaxation. Each model is equipped with two handgrips to provide comfortable armrests.

## KALDEWEI MEISTERSTÜCK INCAVA

This 3.5mm steel enamel seamless freestanding bath is made in Germany and comes with a 30 year guarantee. For the ultimate in luxury bathing it can be fitted with SoundWave audio system.

## BETTE BETTESPACE BATH

Optimised for space and quality time, BetteSpace is a new bath collection in glazed titanium steel that makes intelligent use of the space in small and medium-sized bathrooms. All come with a thirty-year warranty.

## ZUCCHETTI ALOE BY KOS

Smooth lines are combined to create a spacious volume that guarantees maximum relaxation. The cosy shape, with a silky texture and matte effect, makes it a sculptural and elegant object for the bathroom.

## VILLEROY & BOCH ANTHEUS

The designer, Christian Haas, was influenced by the streamlined Bauhaus style while designing the Antheus premium bathroom collection. He created balanced proportions with a minimalistic as well as harmonious effect.

# BASINS

## GLASS DESIGN SCENIC RAMADA

Fashioned from 24% lead-crystal in an exclusive Ruby Red, the basin features a bevelled edge with diamond cuts, strategically placed to conjure up a captivating interplay of light and reflection.

## VICTORIA + ALBERT RAL COLOURS

In response to a strong demand for bespoke colour finishes, the company's entire collection of freestanding Quarrycast baths and basins are now available in 194 RAL colour exterior finishes. Seen here as applied to the ios 54 basin.

## WOODIO ECO-FRIENDLY

Finnish design company Woodio manufactures eco-friendly and eye-catchingly stylish bathroom washbasins from the world's first water resistant solid wood composite that uniquely combines wood and resin.

## OLYMPIA CERAMICA MY BAG

Innovative, bold and complex, My Bag is a wash basin system that can be closed away where necessary, turning into a functional vanity counter. The leather side-storage compartment becomes a convenient organiser.

## SCARABEO VEIL

Design by Massimiliano Braconi. A balanced and elegant product, VEIL revolutionises the concept of a simple bathroom. Its shape is a thin suspended ceramic sheet that appears artfully sculpted by the flow of water.

## ANTONIOLUPI INTRECCIO

Designed by Paolo Ulian, Intreccio is described as "a basket for water made of natural light marble". The particular geometry of the concentric layers that are staggered when they are overlapped creates a play of light and dark.

# TAPWARE

## 7. TAPWARE

### AXOR EDGE

Designed by Jean-Marie Massaud. The collection is a luxurious symbiosis of geometrical bodies and an ultraprecise manufacturing method – described by the company as a gem in the bathroom.

### JEE-O SOHO

Characterised by its robust and powerful design, JEE-O represents a personal and conscious choice. Full of character, body and style. The surface texture invites you to touch it.

### GESSI ANELLO

A mixer handle with an innovative circular shape. Anello design provides not only an easy mixer control option, but also an elegant, modern design choice.

### HANSGROHE RAINFINITY

Rainfinity is a shower to envelop the entire body from head to toe in water. The three spray modes transform the daily shower into a truly extraordinary experience – PowderRain, Intense PowderRain and RainStream.

### HANSA EMOTION

The Wellfit shower system, emphasises preventive and holistic physical health that can be easily integrated into daily life – conveniently adjusted to individual needs.

### ZUCCHETTI WATER CANDY

Functional design, ergonomics and practicality define WaterCandy, the new revolutionary hand shower with strap, designed by Ludovica+Roberto Palomba.

# TOILETS

## 8. TOILETS

DURAVIT SENSOWASH  
STARCK F

The flat seat and the white cover located behind it form a precise, harmonious unit — a shower-toilet with the latest, comfort-enhancing technology in an uncompromising, minimalistic look.

TOTO WASHLET  
TECHNOLOGY

All of the Japanese manufacturer's toilets feature the powerful Tornado Flush, CeFiONtect glaze and rimless bowl design. All WASHLET™ models can be descaled. They also include other innovative technologies such as the cleaning of the ceramic bowl and wand jet with antibacterial water.

LAUFEN  
CLEANET NAVIA

The technology is fully integrated into the compact all-ceramic body and reduced to the essentials. The Cleanet Navia shower arm is located behind a concealing ring in the ceramics when not in use, and is flushed with plenty of water before and after every use.

MILLEROY & BOCH  
VICLEAN-I 100

A shower toilet in jet black makes a statement in the bathroom. It looks just like a conventional toilet as the technology has been integrated into the ceramic and not the seat. The glossy black colour complements its angular, subtle design.
