The Kitchen & Bathroom Blog's Melanie Gardener travelled to Interzum in May 2023 to attend the first face-to-face version of the exhibition since the pandemic. Hopes were high for a fantastic show and the organisers certainly delivered. From halls full of incredible and inspirational products, to award winners and expert speakers, the four days of the show were jam-packed with new ideas and opportunities for networking and new relationships. We hope you enjoy this walk with me through the halls of Interzum.
